

# KEITH URBAN LONG HOT URBAN

Girl I know I don't know you  
But your pretty little eyes so blue  
Are pulling me in  
Like the moon on your skin

I'm so glad you trusted me  
To slide up on this dusty seat  
And let your hair down  
Get out of town

Got the stars coming out over my hood  
And all I know now is it's going good

You got your hands up  
You're rocking in my truck  
You got the radio on  
You're singing every song  
I'm set on cruise control  
I'm slowly losing hold  
Of everything I got  
You're looking so damn hot

And I don't know what road we're on  
Or where we've been  
From staring at you girl  
All I know is I don't want this night to end

Gonna cuss the morning when it comes  
Cause I know that the rising sun  
Ain't no good for me  
Cause you'll have to leave

Gonna make the most of every mile  
Do anything to make your smile

Land on my lips  
Get drunk on your kiss

Clock on the dash says 3:35  
There's plenty of gas and the night's still alive

You got your hands up  
You're rocking in my truck  
You got the radio on  
You're singing every song  
I'm set on cruise control  
I'm slowly losing hold  
Of everything I got  
You're looking so damn hot

And I don't know what road we're on  
Or where we've been  
From staring at you girl  
All I know is I don't want this night to end

You got your hands up  
You're rocking in my truck  
You got the radio on  
You're singing every song  
I'm set on cruise control  
I'm slowly losing hold  
Of everything I got  
You're looking so damn hot

And I don't know what road we're on  
Or where we've been  
From staring at you girl  
All I know is I don't want this night to end

I don't want this night to end

No I don't want this night to end
