

BOMSHEL BOMSHEL STOMP

We got Tennessee moonshine, chicken, and beer
 The bands in the barn and the gangs all here
 Just park your car down by the corn
 If you're lookin for a good time honk your horn
 Bring the dog, call all your friends
 Send a shout out to your next of kin
 Tell 'em I'm coming just stay in the yard
 We're gettin down on the farm

Come on everybody gotta move your body to the
 bomshel stomp...(Bomshel stomp)
 Kick up your boots and get back to your roots, do
 the bomshel stomp...(Bomshel stomp)
 Stomp to the right
 Stomp to the left
 Sheke your botty step, step, step
 Grab yourself a coute guy
 Honey don't be shy
 Everybody romp to the bomshel stomp, yeah

There's no excuse for an empty cup
 keep 'em all full till the sun comes up
 If you get to hot down by the fire
 Tay a roll in the hay if you so desire
 There's a million stars in the sky tonight
 An ol' full moon it's a beautiful sight
 Shake, shake, shake it till the cows come home

Rock'n it all night long

Come on everybody gotta move your body to the
 bomshel stomp...(Bomshel stomp)
 Kick up your boots and get back to your roots do
 the bomshel stomp...(Bomshel Stomp)
 Stomp to the right
 Stomp to teh left
 Shake your booty step, step , step
 Grab yourself a cute guy
 Honey don't be shy
 Everybody romp to the bomshel stomp yeah

The barn, the barn, the barn is on fire
 Hey ya'll seriously, the barn really is on fire

Come on everybody gotta move your body to the
