

PAT GREEN BREAK IT BACK DOWN

Traffic jamming, up and down the interstate
Middle finger flappin in the passin lane
News flash new trash breakin in my radio
Read back tweet that they know everywhere
you are
Wrong move you too, getcha 'nother fallin star
Freeze frame, seize fame, post another video

[Chorus:]

Girl why don't we
Break it back down, to you an me baby
Get outa this town, find a place we can lay it on
the ground
Shut the world out and break it back down
Nothing but the song of the whipperwill playing
Lets get lost in the love we're making
What we need now, yea baby is to break it
back down

Who's hot, who's not, go pick up a magazine
Aw nah, to watch what they call realities
Static man is takin up to much of my brain
Pile up more stuff, bigger house a bigger yard
Half off, happiness all you needs a credit card
Hurry, worry, thats the way you play the game

[Chorus:]

Girl whatcha say
Break it back down, to you an me baby
Get outa this town, find a place we can lay it
on the ground
Shut the world out and break it back down
Nothing but the song of the whipperwill
playing
Lets get lost in the love we're making
What we need now, yea baby is to break it
back down

Yea break it back down,
Wo ohh ohhhhh
Yea break it back down
Wo ohh ohhhhh

[Chorus:]

Girl whatcha say
Break it back down, to you an me baby
Get outa this town, find a place we can lay it
on the ground
Shut the world out and break it back down
Nothing but the song of the whipperwill
playing
Lets get lost in the love we're making
What we need now, yea baby is to break it
back down
