

STEPHEN KELLOGG & THE SIXERS GRAVITY

I've got soul, my mama says so
Says son you'll move up, you're a fighter, I
know
You will see that life isn't free
And everyone dies eventually

Gravity, you're knocking me out
You're shaking me up 'til I twist and I shout
Oh, gravity
It's okay in the clouds
But I love it right here with my feet on the
ground

Celebrate, before it's too late
Your fear of the future's your greatest
mistake
Here's a song, we sing it out loud
And ain't nothing as sweet as the sound of a
crowd

(Alright, now)
Gravity, you're knocking me out
You're shaking me up 'til I twist and I shout
Oh, gravity
It's okay in the clouds
But I love it right here with my feet on the
ground
I love it right here with my feet on the
ground

Gravity, you're knocking me out
You're shaking me up 'til I twist and I shout
Oh, gravity
It's okay in the clouds
But I love it right here with my feet on the
ground
I love it right here with my feet on the
ground

And I'm singing,
Gravity, you're knocking me out
You're shaking me up 'til I twist and I shout
Oh, gravity
It's okay in the clouds
But I love it right here with my feet on the
ground
I love it right here with my feet on the
ground
I love it right here with my feet on the
ground
I love it right here with my feet on the
ground
I love it right here with my feet on the
ground
I love it right here with my feet on this
ground
I love it right here with my feet on the
ground
