

# **DAVID SHELBY KICK A LITTLE DIRT AROUND**

Woo child, get out your chair  
This old bead ain't goin' nowhere  
Woo child, hitch up your pants  
My baby's kickin' and she wants to dance

Don't want no "I can't"'s  
Don't want no slow dance  
There ain't no better time to say yeah (yeah)  
Yeah (yeah) yeah yeah

Everybody gotta get up, get down  
We're gonna kick a little dirt around  
Move left, move right  
Now dip your hip from side to side  
Throw your hands up, spin around  
Kick up your heels and put 'em on the ground  
Get up, get down  
We're gonna kick a little dirt around

Woo child, can't you stand  
We got grease in the frying pan  
Woo child, sing your praise  
We got a whole lot of souls to save

Don't want no "I pass"  
This can't be hay fest  
There ain't no better time to say yeah (yeah)  
Yeah (yeah) yeah yeah

**Association Varoise de Danse Country**

Everybody gotta get up, get down  
We're gonna kick a little dirt around  
Move left, move right  
Now dip your hip from side to side  
Throw your hands up, spin around  
Kick up your heels and put 'em on the ground  
Get up, get down  
We're gonna kick a little dirt around

Kick a little dirt, kick a little dirt, kick a little  
Kick a little dirt, kick a little dirt, kick a little  
Kick a little dirt, kick a little dirt around  
[x2]

Don't play no game, they can do the train train  
Don't refrain if you're tired of the same game  
Don't be lame, get your head in the game  
We got the group moving like a freight train

So don't refrain from raisin' cain  
Forget your name, forget your shame  
When the flames start kickin' up from the ground  
We're gonna kick a little dirt around

So get up, get down  
We're gonna kick a little dirt around  
Move left, move right  
Now dip your hip from side to side  
Throw your hands up, spin around  
Kick up your heels and put 'em on the ground  
Get up, get down  
We're gonna kick a little dirt around

Kick a little dirt, kick a little dirt, kick a little  
Kick a little dirt, kick a little dirt, kick a little  
Kick a little dirt, kick a little dirt around
