

# DYLAN SCOTT MAKIN' THIS BOY GO CRAZY

Never seen a tan look so good  
Sunshine's treatin' you like it should  
You got to know the kind of glow you're  
giving off  
Baby, that's dangerous

The way your hair blows in the wind  
Takes me to heaven and back again  
The window's down, we're ridin' 'round  
I bet you don't know what I'm thinkin'

Oh, girl, you make me feel like whoa  
Spinning me out of control  
With every little move you're makin'  
Driving me wild if you know what I'm sayin'

Hey, shoot another smile my way  
You're makin' this boy go crazy,  
Crazy, crazy, yeah

Ain't no guessin' 'bout where you're from  
When that Southern drawl slips off your  
tongue  
Your little town is comin' out, and every time  
It turns me on, baby

I can catch a buzz without a drink  
That's what your body does to me  
Every kiss is like a sip  
I wanna taste over and over

Oh, girl, you make me feel like whoa  
Spinning me out of control  
With every little move you're makin'  
Driving me wild if you know what I'm sayin'

Hey, shoot another smile my way  
You're makin' this boy go crazy,  
Crazy, crazy, yeah

Whoa-oh

Oh, girl, you make me feel like whoa  
Spinning me out of control  
With every little move you're makin'  
Driving me wild if you know what I'm sayin'

Hey, shoot another smile my way  
You're makin' this boy go crazy,  
Crazy, crazy,

I'm like, oh, girl, you make me feel like whoa  
Spinning me out of control  
With every little move you're makin'  
Driving me wild if you know what I'm sayin'

Hey, shoot another smile my way  
You're makin' this boy go crazy,  
Crazy, crazy

You're makin' me, you're makin' me  
Makin' me go crazy
