

# JUAN MAGAN CALOR AMORES

The sun's coming up over guardamar bay  
got time on my hands  
the world's looking good right now  
from where I'm standing

got a beer and a burger to go  
to a place where we both know  
that the company's good  
and the music's right for dancins

chorus

it's a beautiful day  
just spending time with all the ones you love  
a beautiful day  
summer breezes and blue sky's above

espana's fine and the feelin's good  
drivin' down the costa with a drop down hood  
listen to the Spanish guitar playin' on the local radio  
nothin' bothers me today  
there's nothin'that you gotta say  
would make me go back and miss out on tomorrow

Instrumental verse

chorus

a beautiful day  
summer breezes and blue sky's above
