

# EAST LOVE FIREFLY

So tell me baby, whatcha see?  
Oh when you're staring at the sky, miles  
away from me.  
Can't find you lately, oh where you been?  
And did you run into the ocean for a  
midnight swim?

Every time I catch you,  
I have to let you go.

Where did you go?  
Whoa whoa  
Drawn to your glow  
My fire fire firefly  
Burning the day,  
I, I, ay ay  
I know you can't stay  
My fire fire fire-fly.

She said my baby, don't be shy  
And then she grabbed me by the hair  
And held in her arms.  
So I said lady take me there.  
And don't tell me where we're going  
Cause I don't care.

Every time I catch you  
I have to let you go.

Where did you go?  
Whoa whoa  
Drawn to your glow  
My fire fire firefly  
Burning the day,  
I, I, ay ay  
I know you can't stay  
My fire fire fire-fly.

If flying around your light, gonna sound [?]  
Something I can't keep.  
Fly higher my dear touch the atmosphere  
Keep dancing in your sleep

Where did you go  
Whoa whoa ohh  
Drawn to your glow  
My fire fire fire-fly  
Burning the day,  
I, I, ay ay  
I know you can't stay  
My fire fire fire-fly
