

CARLTON ANDERSON COUNTRY MUSIC MADE ME DO IT

I was headlights headed home
Picked up that wine you wanted me to bring
Then, my buddies called up, thought I'd stop
off
It was only gonna be one drink

Then the band got to wailin'
On old Haggard songs
Then the next thing you know
I'm drinking all night long

Country music made me do it, made me do it
Honky-tonkin' got my boots movin', got 'em
movin'
Put the Makers in the Mark, put the party in
the plan
Hurtin' in my heart, guitar in my hand
Country music made me do it, made me do it

God as my witness, I had good intentions
Of loving on you all night long
Beggin' and pleadin', you know my weakness
For them drinkin' and them cheatin' songs

I know I should have called
Should have came home
But if you wanna point the finger
Baby, blame George Jones

Country music made me do it, made me do it
That honky-tonkin' got my boots movin', got
'em movin'
Put the Makers in the Mark, put the party in
the plan
Put this hurtin' in my heart, guitar in my
hand
Country music made me do it, made me do it,
all right

Put the Makers in the Mark, put the party in
the plan
Hurtin' in my heart, guitar in my hand
Put my lip to the bottle, tear in my beer
Put the rebel in my yell, one thing got me
here

Yeah, country music made me do it, made me
do it
That honky-tonkin' got my boots movin', got
'em movin'
Put the Makers in the Mark, put the party in
the plan
Put this hurtin' in my heart, guitar in my
hand
Country music made me do it, made me do it,
oh yeah
