

KEN DOMASH DING DANG DARN IT

I was belly to the bar with nothing to do
When I sat my bottle down
It bumped into her boot
Yeah the next thing you know
I was sit'n front row
To this crazy all night hip flinging rodeo

Oh Ding - Oh Dang - Ding Dang Darn It
Ding Dang Darn It
That girl just jumped up on it
No hesitation - not even a warning
Just like cheerleaders rooting
For the home team
She shook - she kicked and then
She gave me a grin
Oh Ding - Ah Dang - Ding Dang Darn It

Well she wasn't there alone
As she was texting on her phone
In perfect unison they all did a shot of gin
Then she got this idea - the bar could be
stage
From where I was sit'n man - I had it made

Oh Ding - Oh Dang - Ding Dang Darn It
Ding Dang Darn It
That girl just jumped up on it
No hesitation - not even a warning
Just like cheerleaders rooting
For the home team
She shook - she kicked and then

She gave me a grin
Oh Ding - Ah Dang - Ding Dang Darn It
Well in perfect timing they all did a little dip
From the left to the right shaken's what
they did
It was like it'd been rehearsed they all
Stomped their boots
Just like Michael's Thriller without the red
suit

Now I was there all alone
Not looking for trouble
But at this point man
I think I better have a double
I threw it back and sat in disbelief
I think I was the only one still
Sit'n in my seat

Oh Ding - Ah dang - Ding Dang Darn It
Here we go - Oh - Ding Dang Darn It
That girl just jumped up on it
No hesitation - not even a warning
Just like cheerleaders rooting
For the home team
She shook - she kicked and then
She gave me a grin
Oh Ding - Oh Dang - Oh Ding

Oh Dingitty Dangit -

Oh Dingggg...

Oh Ding Dang Darn It
