

BRAD PAISLEY DON'T DRINK THE WATER

Album: This Is Country Music

Empty house, Empty Rooms, Empty bottle of Petron

I need to go out but not around here

There ain't nowhere we haven't gone

There's this travel agent that I know who says Cozumel is real nice

And so he got me a deal on a flight and a room and a little bit of free advice

Don't drink the water

I told him that's ok

I ain't going down

To Mexico to drink the water anyway

Blake ain't you been there yeah

(Blake) I've been there a time or two

They got some sweet Senioritas

That are more than glad to meet you

But I'm tellin you boy that whatever you do

Don't drink the water Ok ok

I ain't going down

To Mexico to drink the water anyway

Corona or Tecate or my old friend Jose

I ain't going down

To Mexico to drink the water anyway

On this trip anything I sip better have a kick and a burn

Strong enough to get you off my mind

Little by little and a little grub of worm

Don't drink the water

That's what they say

I ain't going down

To Mexico to drink the water anyway

No one I know goes to Mexico

To drink the water anyway
