

TRENT TOMLINSON DUST

Dust
My truck is covered in dust
That ain't been the way it was
Mm, covered in dust
Dust
Everybody hates that stuff
Me, I can't get enough
Mm, dust

Yeah, when I look back on it now
Should've put the hammer down
Slinging dirt all over the place
Then I wouldn't have to see her
Looking back at me
In the rear view
With tear son her face
Should've kicked up
Mm, dust

Wind
Could've used a little wind
Stir up a cloud to drive off in
Hm, wind

Yeah, when I look back on it now
Should've put the hammer down
Slinging dirt all over the place
Then I wouldn't have to see her
Looking back at me
In the rear view
With tear son her face
Should've kicked up
Mm, dust

Tornado, hurricane
Anything to hide the pain
In her eyes as I drove away
Yeah-yeah

Yeah, when I look back on it now
Should've put the hammer down
Slinging dirt all over the place
Should've kicked up
Mm, dust
Dust
Should've kicked up some dust
Little bit of dust
