

# KEITH URBAN LIL DIGGER

Under the track it's Gopher City  
Tunnels everywhere and it just ain't  
pretty  
They pop outta them holes where the  
action's fast  
Squeakin' with excitement when the field  
goes fast  
NASCAR's biggest fans  
Gopher's guys and girls  
There's one little guy with a gleam in his  
eye  
He's the biggest fan in the whole wide  
world  
(Digger, little Digger) He's the gopher  
racetrack king  
(Digger, little Digger) He wants to see  
everything  
(Digger, little Digger) He's where the  
action's hot  
Digger, little Digger never wants it all to  
stop  
Got a bunch of buddies underneath the  
track  
And they chill all week talkin' NASCAR  
smack  
They see it all, they got a front row view  
As the cars fly by they spot anything new  
They know who's gonna win  
They know who's gonna lose  
These racin' gophers know their stuff  
There's nothing else they'd ever choose  
(Digger, little Digger) He's the gopher  
racetrack king

(Digger, little Digger) He wants to see  
everything  
(Digger, little Digger) He's where the  
action's hot  
Digger, little Digger never wants it all to  
stop  
Digger bugs old Lumpy, the grumpy  
trackside cop  
All those Digger tunnels, old Lumpy's  
gonna make him stop  
Marbles is the engineer, is really clever  
And Annie's Digger's girl, her favorite  
word's "whatever"  
And Grandpa's a NASCAR fan from the  
very beginning  
He tells old Digger 'bout the glory days  
When Junior Johnson kept on winning  
(Digger, little Digger) He's the gopher  
racetrack king  
(Digger, little Digger) He wants to see  
everything  
(Digger, little Digger) He's where the  
action's hot  
Digger, little Digger, won't you never  
want to stop?  
(Digger, little Digger) He's the gopher  
racetrack king  
(Digger, little Digger) He just gotta see  
everything  
(Digger, little Digger) He's where the  
action's hot  
Digger, little Digger never wants it all to  
stop
